Reference Letter

To Whom It May Concern

We hereby confirm that Company PUH "AB-Pemont" Aleksander Biechonski had supplied fitters and welders to PPUH "EKO-ENERGIA" for assembling and erection work in Steel Plant Mittal Steel "Huta Cedler" in Sosnowiec. Time of work: since June 2006 up to now.

These people have been involved in ESP electrostatic precipitator modernization, including replacement of electrodes, hoppers and ducting refurbishment in Steel Plant "Huta Cedler". They also assembled carbon and stainless steel pipelines for water, oil and pressure installations.

We confirm also, that these welders, fitters and supervisors provided by Mr. Biechonski have been competent tradesmen and experienced in the tasks to which they were assigned. We are very satisfied with cooperation between our company and we are sure that you will find his servicing as well.

If you have any question and if you require additional information please do not hesitate to contact us.
