To Whom It May Concern

We hereby confirm that Company PUH "AB-Pemont" Aleksander Biechonski was supplied fitters and welders to "WIBREM Turbomachinery Service" for assembling and erection work in Ireland, Bulgaria and Germany.

These people have been involved in turbine repair works .They also assembled and welded LP and HP pipelines for turbines installations.

We confirm also, that these welders, fitters and supervisors provided by Mr. Biechonski have been competent tradesmen and experienced in the tasks to which they were assigned.

We are very satisfied with cooperation between our company and we are sure that you will find his servicing as well.

If you have any question and if you require additional information please do not hesitate to contact us.
